

## **Welcome to the International Digital Fjordhorse Show 2024**

Hello fjord horse lover.

Due to the increasing success and enthusiasm of the previous editions, FjHI will also organize an International Digital Fjordhorse show in 2024.

It is our choice not to make this an official show. This is a "just for fun" show, where we hope that everyone involved will have fun preparing and participating. We also hope that this activity can be a bridge between the various member organizations, the breeders, the owners and the jury members. In this way we continue to work on a better international experience of our passion, "the Fjord Horse".

We will raise awareness of this show among Fjord horse owners and national studbooks via Facebook and the secretariats of the affiliated members.

Every owner of a Fjord horse can participate in this show and we leave everyone free to organize themselves in such a way that good videos and photos can be collected. To help you create your video, you can find additional information in this invitation.

We limit the number of registrations to three horses per owner. The show is open to mares, stallions and geldings.

The participating horses must be purebred Fjord horses with at least five generations of purebred Fjord horses in the pedigree.

The pedigree of the horses must be sent with a photo (whole horse from the side) and a link to the video.

Regardless of their gender, including geldings, the horses can be entered in the following categories.

- foals
- young horses (1 - 2 years)
- mares 3 years
- adult mare (older than 3 years)
- recognized stallions
- geldings

A Best and a Reserve Best are chosen in each category. These are then eligible for the election of the Best in Show and the Reserve Best in Show.

The jury will write some comments, but will not award any points to the horses and will publish their ranking together with the videos and photos of this digital show.

The winners of the International Digital show receive medals and a certificate from Fjordhorse International. There are prizes for the winner of each series. The winners will be presented on 05/11/2024.

The international show is judged by a team of international Fjordhorse judges.

The international digital show is free.

Instructions for the movie:

- The link for the film must be submitted by email (do not send films as attachments as they are too heavy).
- The film may not be longer than three minutes per horse.
- In the film, the judges must have the opportunity to see the horse from the side, from the front and from the back, both in standing and at walk and trot.
- The horse must be shown by the hand (not loose), straight in front view, in rear view and in a triangle.
- Here's an example of what a movie might look like:

Making a movie for digital show

Here's an example of what a photo might look like:

**Important:**

The owners of the participating horses must give permission to their own studbook and to FjHI to publish the images and comments. They can do this by email to their own studbook, and add this email to the email of the registration of the Fjord horse at this digital Show.

So in the email where you register your horse for the show, we need to find the following:

- A copy of the family tree
- The video
- A good photo
- The email about the permission to publish
- Your contact address: street, number, city, country

Links for the films and photos must be sent by email to Helena Torkerlsson [helena.torkelsson@vxa.se](mailto:helena.torkelsson@vxa.se) by each participant no later than 01/10/2024. Please send a separate email for each submitted Fjorden horse, with the subject: "FjHI digital show 2024 name of the horse"

With this initiative we hope to strengthen the international interest and connection between the various members/studbooks.

If you have any questions about this initiative, please contact:

Helena Torkerlsson [helena.torkelsson@vxa.se](mailto:helena.torkelsson@vxa.se) and/or Jan Verbeeck [jan.verbeeck6@telenet.be](mailto:jan.verbeeck6@telenet.be)

We look forward to registering your Fjord horses for this show!

Good luck!

Yours sincerely

Katrine Hugaard

Chairman FjHI
